

RESTRICTIONS AND PROTECTIVE COVENANTS FOR BAYWAY ISLES, UNIT I & II, ST. PETERSBURG, FLORIDA

1. USE RESTRICTIONS

Except as hereinafter provided, all lots in the Subdivision, and all lots enlarged or recreated by the shifting of the location of side property lines are restricted to the use of a single family, their household servants and guests, exclusively for residential purposes. Only one residence may be built on one lot. Buildings accessory to the use of one-family living may be erected provided they do not furnish accommodations for an additional family. A construction shed may be placed on a lot and remain there temporarily during the course of active construction of a residence, otherwise no portable or temporary buildings or trailers may be placed on a lot.

2. SET-BACK RESTRICTIONS

No dwelling shall be erected upon any lot so that any part of said building shall be closer than twenty-five (25) feet to any front boundary line of said lot, which line extends along a street, or closer than ten (10) feet to any side lot line or closer than fifteen (15) feet to any side lot line where said line extends along a street, or closer (not including complete screened enclosures) than fifteen (15) feet to any rear lot line. Measurements in this restriction shall not include overhang of roof.

3. LIMITATIONS UPON WALLS, FENCES AND HEDGES

No continuous fence, wall, or hedge over four (4) feet in height shall be permitted which extends alongside of, or faces any street, way or waterway, or over six (6) feet in height on any other boundary line. No fence shall be constructed between the front property line and front building line of any lot.

4. BUILDING PLANS

For the purpose of insuring the development of the lands in the Subdivision as a residential area of high standards, the Subdivider reserves the power to control the buildings, structures and other improvements placed on each lot. Whether or not provision therefore is specifically stated in any conveyance of a lot made by the Subdivider, the owner or occupant of each and every lot, by acceptance of title thereto or by taking possession thereof, covenants and agrees that no building, wall, structure, or other improvements shall be placed upon such lot unless and until the plans and specifications therefore and the plot plan have been approved in writing by the Subdivider. Each such building, wall, structure, or other improvement shall be placed upon the premises only in accordance with the plans and specifications and plot plan so approved. Refusal of approval of plans and specifications by the Subdivider may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Subdivider shall seem sufficient. No alteration in the exterior appearance of the buildings or structures shall be made without like approval.

5. LANDSCAPING IMPROVEMENTS

Whether or not provision therefore is specifically stated in the conveyance of a lot made by the Subdivider, the owner or occupant of each and every lot, by acceptance of title thereto or by taking possession thereof, covenants and agrees to place landscaping improvements on his lot at a cost of not less than \$500.00, subject to plans and specifications therefore which have been approved by the Subdivider, within two years after the beginning of his ownership or occupancy. In the event that said owner or occupant fails to place approved landscaping improvements on his lot within the afore described period of time, the Subdivider shall have the right to enter upon such lot and place landscaping improvements thereon at the expense of the owner or occupant, provided, however, that said expense shall not exceed \$1,000.00; and also provided that such entry shall not be deemed a trespass. Any amounts expended by the Subdivider to place landscaping improvements on a lot pursuant to the provisions of this paragraph shall constitute a charge and lien against said lot until paid by the owner or occupant of said lot. Refusal of approval of landscaping plans and specifications by the Subdivider may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Subdivider shall seem sufficient. Landscaping improvements need not be designed or supervised by an architect registered in the State of Florida, provided such improvements otherwise meet with the approval of the Subdivider.

6. CARE OF LOTS

Except during the period of construction of improvement upon a lot, each owner shall be responsible for the care and maintenance thereof and shall keep the same clean and neat. Grass, shrubbery, and vegetation shall be regularly mowed and trimmed.

No boat houses or boat shelters of any kind, or any portion thereof, shall be constructed on or over waterways.

8. MINIMUM BUILDING REQUIREMENTS

All roofs shall be cement tile or Bermuda type roof or other type roof approved by the Subdivider.

9. RESIDENTIAL SITES

A residential site may consist of one or more lots, all of one lot and part of a contiguous lot, or lots, or any other combination of contiguous parts of lots, which will form an integral unit of land suitable for use as a site for a residence, provided, however, that any site which changes the lots as originally platted:

- (a) shall extend from the fronting street to an existing rear property line, waterway or bay, and
- (b) shall not have a front or rear dimension of less length than contained in the largest adjoining lot shown on the original plat of the subdivision, and
